

Neighbourhood & Home Watch Network (England & Wales) Website, database & communication system

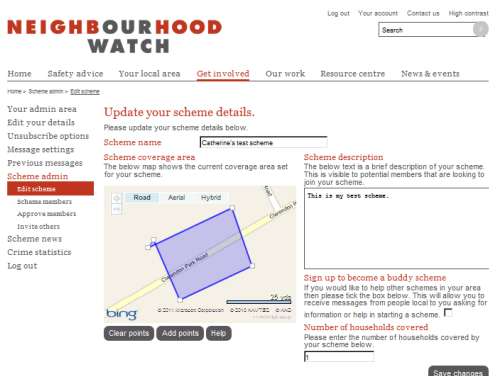

Key benefits of www.ourwatch.org.uk & Neighbourhood Alert

The benefits of our new website are:

- Easy to use, up-to-date and informative
- Find your nearest scheme
- Get up-to-date national and local news
- Toolkits and resources for starting and running a scheme
- Find your local Neighbourhood Policing Team

The benefits of signing up to our website are:

For members:

- Access to resources such as templates and materials
- Take advantage of our Neighbourhood Alert communication system and be kept up-to-date on members' benefits

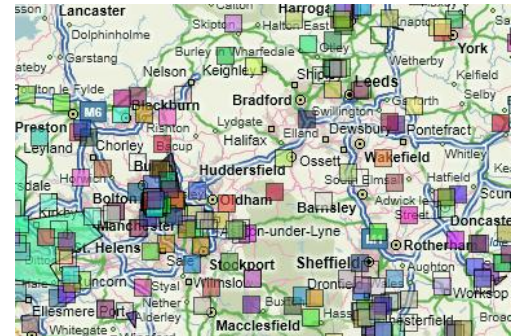

For coordinators:

- Your scheme can easily be found on the postcode search
- Administer your scheme online

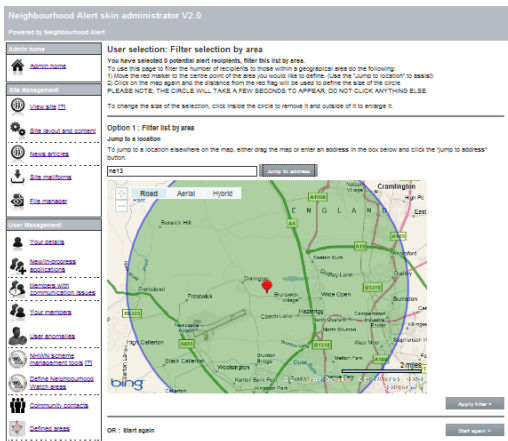

The benefits of being part of our database of members are:

- Make your voice heard to help us have more influence on your behalf
- You will help us know who our members are and plan for the future
- You are in control of your own information

The benefits of the Neighbourhood Alert communication system are:

- Free resource for communication with your members
- You are in control of your own information and what types and priorities of messages and who you receive messages from
- Telephone, text and hard copy messages can be sent and managed within the same system
- Links with partners and the wider community
