

Joining an existing Neighbourhood Watch scheme

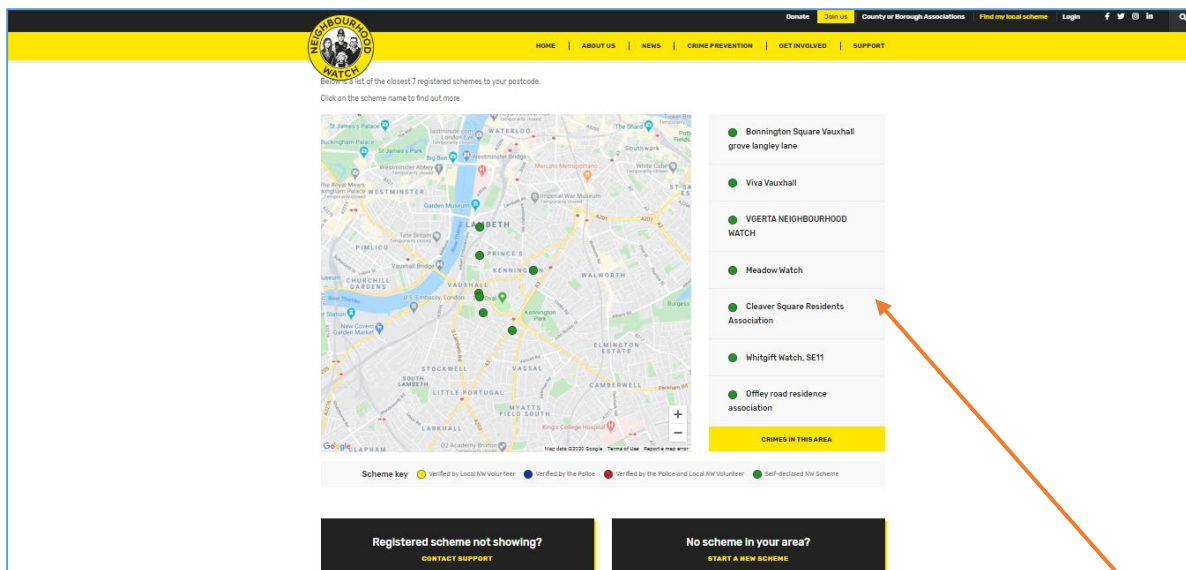

Once you have joined as a member, you can join a scheme in your area/street. To find your local scheme to join, please click here to use our [postcode](#) checker.

Scroll down the page which appears. This brings you to the postcode checker. Enter your **postcode** here and click on **SEARCH**

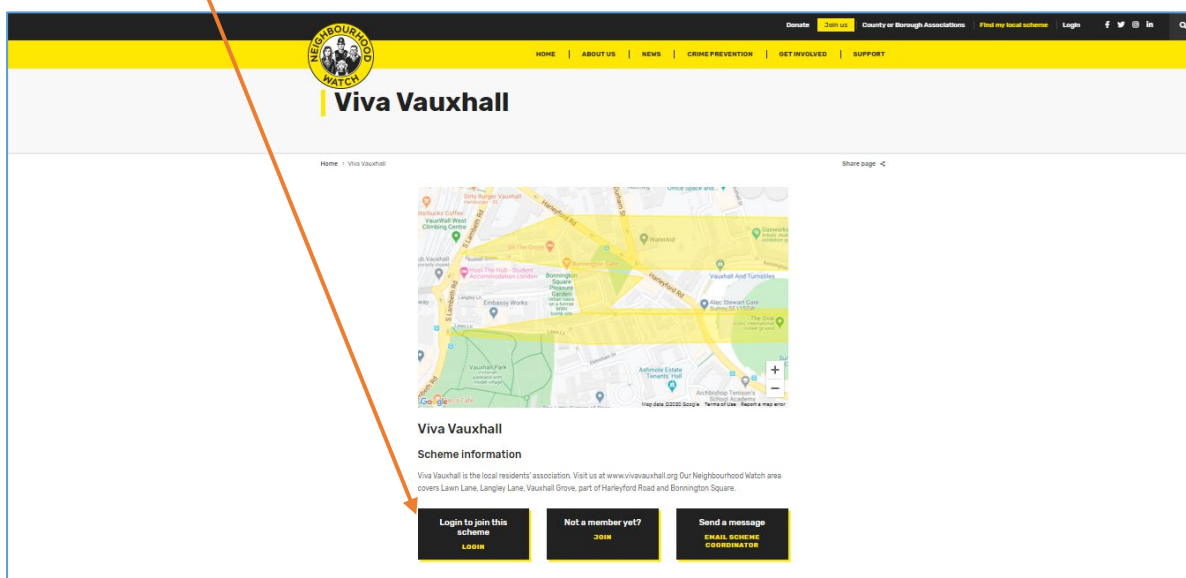

Then the nearest 7 schemes will be shown listed and on a map.

If you see the scheme you would like to join, then click on the scheme name on the right hand side. If you know of a scheme and it isn't showing, please click on "Registered scheme not showing" box.

If there is no scheme for your area, have you thought of starting your own scheme or group of neighbours for that area? If that is the case, click on "No scheme in your local area?" box.

So you've found a scheme to join and you have clicked on the scheme, now what? The scheme details will appear and a coloured map showing the area. Click on "Login to join the scheme" box
